

DOMAINE
BELLE D'ARGENCE

BIO DEPUIS 1993

TUNAKA RED 2023

IGP Pays d'Oc

100% Carignan

Terroir

This south-facing *Carignan* plot is the oldest in the estate. Our vines take root in a sandstone soil strewn with *galets roulés*, remnants of ancient riverbeds. These stones absorb heat during the day and release it at night, ensuring optimal grape ripening. Located between the Camargue and Provence, the estate benefits from a sunny Mediterranean climate, tempered by the Mistral and marine influences.

Winemaking & Aging

Grapes are hand-harvested and sorted without destemming. Vinification is carried out with minimal intervention, using carbonic maceration to bring out the richest and most intense aromas.

Tasting Notes

- Intense ruby colour.
- A complex nose with notes of olives, Morello cherry, and liquorice.
- The palate is broad and expressive, with a finish that becomes more supple and relaxed. A silky, elegant, and audacious wine.

Alcohol level

13% alc. vol.

Serving temperature

14-16 °C

Aging potential

5 years
